

FUN IN THE SUN... Actress Christiana Schmitter reminds everyone that California's traditional sun worshippers should use good sense in the sun. The American Cancer Society warns that excessive and prolonged exposure to the sun can lead to skin cancer. A film, "Sense in the Sun," urges that persons use screening agents and protective clothing, and is available from the American Cancer Society for showing.

# 'Annie' Looking For More Dates

She's a real doll and she's hoping to have more dates than any other blonde around. Her name is Red Cross "Annie." She's a Red Cross volunteer who is teaching hundreds of people how to give mouth-to-mouth artificial respiration. The fact that she hides her rubber and plastic figure in a shabby blue and white warm-up suit only adds to her charm. DEFLATED, she travels around in a 2-by-3-foot suitcase carried by a Red Cross instructor. Unpacked, inflated, and stretched out on a demonstration table she is the ready victim whose head must be tilted, jaw lifted, nose sealed, and mouth blown into to complete the four steps in giving mouth-to-mouth artificial respiration. As the breath of life is blown into her by the Red Cross first aid instructor, Red Cross Annie's chest rises just as the chest of a victim of drowning, choking, or electric shock would. Then she exhales automatically as a victim would. Disposable plastic masks used on her mouth and nose keep her sanitary so many students may practice the technique. She exhales through the back of her neck for hygienic reasons.

THANKS TO the San Pedro Rotary Club, dates with "Annie" in Torrance, Harbor City, Lomita, Palos Verdes, Wilmington, Gardena, and San Pedro may be made by calling the Red Cross Service Center, 831-0751. Impressed by the effectiveness of teaching mouth-to-mouth artificial respiration, the Rotarians felt such a teaching aide should be available in this community. The Rotary Club's gift of an Annie and the film, "Breath of Life," gives people in this community an opportunity to learn mouth-to-mouth artificial respiration without making a date months in advance.

WE DO NEED a little advance notice," says Allen Quignon of Torrance, chairman of safety services for the Southern District of the Los Angeles Red Cross chapter. A crew of certified first aid instructors is being trained to use "Annie" as a teaching aide and will be anxious to be called upon by local organizations to demonstrate the technique. "And we need additional help," Quignon said encouraging others to take the instructor training course which is a prerequisite for "Annie" demonstrators.

# Sue Collins is out to get you!

But she doesn't know it. Sue's a good driver. And that's the trouble. You've come to trust her over the years... but really, you can't. Because even the best drivers end up in some of the worst accidents. Drive defensively, and you won't end up on the receiving end of some other driver's mistake or sudden move. At intersections, never assume the right-of-way. Make defensive driving pay off by practicing it every second of every minute you're behind the wheel. It takes extra effort—but that extra effort's worth it. The forty-nine thousand people who died on our highways last year would be the first to agree. If they could.

Watch out for the other guy!
